Where: NEW RADISSON HOTEL, EDMONTON

Wouldn't it be great if you knew what the near future holds in store for you? Here is an opportunity to find out about some of the changes that are taking place upon the Earth and the reasons behind them.

As you become more comfortable with these changes you will recognize how they relate to events in your own life. And you may be eager to make choices and changes--the kind that will bring out the very best in you!

Gaia tells us that humanity is not in a freefall or a tailspin and the Earth is not inside-out or upside-down. She also says, "There is not a moment to lose for life is long, but time is short!"

Join Pepper for a lively and interactive evening of channeled wisdom, and heart-warming humor
